MAPublisher -	USD\$999.00	(USD\$1399.00)

MAPublisher® transforms Adobe® Illustrator® into powerful map making software. MAPublisher bridges the gap between Geographic Information Systems and graphic design, providing the flexibility to make cartography fast, easy and efficient. Features of MAPublisher include import and export all major GIS data formats, such as Esri shapefiles and geodatabases with all attributes and georeferencing intact, geospatial PDF export, MAP Web Author Flash export, automated labeling, and MAP Stylesheets. Experience improved performance and stability, wider format support and new tools. Full details at www.avenza.com.

Geographic Imager -	USD\$499.00	(USD\$699.00)
---------------------	-------------	---------------

Geographic Imager transforms Adobe Photoshop® into a powerful spatial imagery editing tool. Work with satellite imagery, aerial photography, orthophotos in GeoTIFF and other GIS image formats using Adobe Photoshop features such as transparencies, filters, and image adjustments. Maintains georeferencing and support for hundreds of coordinate systems and projections. In addition to GeoTIFF files, Geographic Imager support formats such as Esri BIL, BigTIFF, DEM, GRID, MrSID and more. Transform, Project, Mosaic, Tile, and GeoCrop geospatial imagery and DEMs quickly and easily. Full details at www.avenza.com.
